

2018 GREEN BOOK

FY18 Small Business Enterprise (SBE)
Opportunity Guide

■ MAYOR MURIEL BOWSER

Dear Small Business Stakeholder:

As the District grows, local businesses continue to play a vital role in helping our neighborhoods thrive and our residents prosper. At the start of my Administration, I promised that DC Government would do more to support our Small Business Enterprise (SBE) community by better utilizing our procurement power to connect small businesses to government opportunities thus leveraging our procurement dollars to support small business growth. To fulfill this promise, in 2015, we released the inaugural FY16 Green Book and launched cbeconnect.dc.gov.

Small and local businesses are critical to the District – they drive economic activity across all eight wards, employ District residents, and invest in our neighborhoods. In Fiscal Years 2016 and 2017, we surpassed our SBE spending targets with record expenditures. First, in FY 16, our spending was 217% over the target. After the success of FY 16, we increased our FY 17 target by nearly a quarter billion dollars and still exceeded that target by 132%. Now, as we continue building on these successes, we are aiming even higher in FY18 (which ends on September 30, 2018) and committing to the single largest SBE spending goal ever – at least \$656 million.

As you review the Green Book, I encourage you to pay particular attention to areas within each agency designated in pie graphs as “expenditures that are not SBE eligible.” A portion of this designation is for expenditures for a particular good or service where a known SBE does not exist. I believe that you—our SBEs—might be able to find the bandwidth to offer many, if not most, of those goods or services.

For the third year in a row, I am proud to say that my Administration is delivering. We have made tremendous strides in developing a transparent system and leveling the playing field to ensure maximum SBE participation in procurement opportunities. Through this FY18 edition of the Green Book and our CBE Connect website (cbeconnect.dc.gov), we are recommitting our support for District small businesses and doubling down on our commitment to put more Washingtonians on pathways to the middle class.

Sincerely,

A handwritten signature in black ink that reads "Muriel Bowser". The signature is fluid and cursive, with the first name "Muriel" and last name "Bowser" clearly legible.

Muriel Bowser
Mayor

■ DEPUTY MAYOR COURTNEY R. SNOWDEN

Dear Small Business Community:

Today, the District of Columbia boasts lively corridors full of successful and diverse small businesses growing our economy and hiring our hardworking residents. In DC, our small businesses are the engines accelerating our growth and creating pathways to the middle class for DC residents.

When Mayor Bowser appointed me as the first ever Deputy Mayor for Greater Economic Opportunity, her direction to me was clear: revolutionize the District's support for hometown entrepreneurs and provide a platform for small businesses across all 8 wards.

Because of Mayor Bowser's commitment, in the first two years we:

- Grew the breadth and depth of services offered at the Department of Small and Local Business Development;
- Created innovative programs like Project 500 and the ASPIRE to Entrepreneurship program to grow small businesses from diverse communities;
- Increased DC government CBE/SBE spending to more than \$600 million annually;
- Released the first, and now second, ever Green Book (SBE Opportunity Guide);
- Eased the re-certification process so that CBEs can recertify in minutes.

While these improvements illustrate progress, we know there is much more work to do. It is my hope that our small businesses use this Green Book (SBE Opportunity Guide) to identify opportunities to provide much needed services to District government agencies and expand opportunities for DC residents in the process.

Sincerely,

A handwritten signature in blue ink that reads "Courtney R. Snowden". The signature is fluid and cursive, with a long horizontal flourish extending to the right.

Courtney R. Snowden
Deputy Mayor for Greater Economic Opportunity

■ ACTING DIRECTOR KRISTI C. WHITFIELD

Dear Small Business Stakeholder:

Driving economic activity is a top priority for Mayor Bowser's administration and the best way to achieve this is through growing our small and local businesses.

At the Department of Small and Local Business Development (DSLBD), we are committed to developing a fair, transparent and accessible system that ensures maximum CBE participation and provides a platform where small businesses can successfully compete and win. As a former small business owner, I understand the importance of easy access to information and opportunities.

Under Mayor Bowser's leadership, DSLBD has reached significant milestones in developing a simpler and effective expendable budget goal setting process where agencies are held accountable. Innovative resources, such as this Green Book (SBE Opportunity Guide) and cbeconnect.dc.gov have been developed to establish an increasingly transparent system where CBEs are connected in real time with contracting opportunities.

We are proud to implement the Mayor's vision to utilize our government's procurement power to drive small business growth and development and I look forward to continuing the improvement of the District's contracting and procurement program to better position our SBEs to compete and win.

Sincerely,

A handwritten signature in black ink that reads "Kristi C. Whitfield". The signature is written in a cursive, flowing style.

Kristi C. Whitfield

Acting Director, Department of Small and Local Business Development

COUNCILMEMBER

KENYAN R. MCDUFFIE, WARD 5

Dear Small Business Stakeholder:

I am proud to serve as Chair of the D.C. Council's Committee on Business and Economic Development. Bringing together the District's economic development and small and local business agencies is a crucial development because it will allow us to drive economic growth more seamlessly and efficiently.

Greater efficiency will lead to more contracting opportunities for all small and local businesses who will in turn hire more residents from within the community. The businesses are then more likely to reinvest their profits locally and employees are more likely to spend locally to further spur economic growth. It is my hope that this Green Book (SBE Opportunity Guide) can be the catalyst that helps connect our small business community with more contracting opportunities and thus help grow our economy.

Since becoming chair of this Committee, I have met with countless small business owners and entrepreneurs who want to do more business with the D.C. government. These conversations have resulted in my introducing a suite of legislation to help make D.C. government opportunities more accessible. Some of these efforts include legislation to:

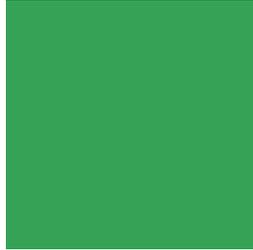

- Speed up payments to D.C. government contractors, so that employees of those contractors and subcontractors do not experience delays in payment [Bill # B22-0439].
- Create a process to settle disputes that inevitably arise between prime contractors and sub-contractors in an efficient and fair way [Bill # B22-0440].
- Require that the D.C. government place all solicitations over \$25,000 on a single, easily-accessible website, to even the playing field between large firms and smaller ones [Bill # B22-0395].
- Require funds used from the Housing Production Trust Fund to give priority to contractors who work with CBEs [Bill # B22-0023].

I believe in the power of economic empowerment and that our growing economy can benefit everyone in Washington, D.C., but it will not happen by accident. When we bring together the business community, government, and the community itself, we can partner in a way that gives everyone a seat at the table and, ultimately, helps every resident have a stake in our economic growth.

Sincerely,

A handwritten signature in blue ink, appearing to read 'K. R. McDuffie'.

Kenyan R. McDuffie, Ward 5
Chair, D.C. Council Committee on Business and Economic Development
Chair Pro Tempore, D.C. Council

HOW TO USE THIS GUIDE

GUIDE OVERVIEW

The Green Book—coupled with the online resource CBEconnect.dc.gov — is designed to help Small Business Enterprise (SBE) business owners:

Understand The Government Of The District Of Columbia's:

- **Goal for spending its Fiscal Year 2018 budget** with SBEs via agencies subject to monitoring (summary page 15 ; agency detail pages (22 to 108); and
- **Progress on spending its Fiscal Year 2017 budget** with SBEs subject to monitoring (summary page 15; agency detail pages 22 to 108).

Learn How To Use The Data In This Guide And At CBEconnect.dc.gov to:

- Understand the **types of products and services** sought by the DC Government;
- Locate **current and pending contract opportunities** for these products and services;
- Consider whether to **expand a business to compete** for contracts that request products/services similar to its current business model; and
- Connect with free, **in-depth contracting assistance** to help small and local businesses build their capacity to compete effectively for DC Government contracts.

WHAT ARE SMALL BUSINESS ENTERPRISES (SBES)?

This guide focuses on Small Business Enterprises (SBEs). SBE is a subcategory of the DC Government's Certified Business Enterprise (CBE) program that gives certified businesses a preference when bidding on DC Government contracts.

To be certified as an SBE, a business must demonstrate that they are local and receive the Local Business Enterprise (LBE) designation. Then, the business must demonstrate that it is independently owned, operated, and controlled; meets the U.S. Small Business Administration definition of a small business; and has not exceeded DSLBD thresholds for annualized gross receipts over the past 3 years.

Read more about the difference between CBE vs. SBE in Appendix A (page 110). To learn more about the CBE application process and SBE requirements, visit CBEconnect.dc.gov and click *Get Certified*.

WHICH AGENCIES ARE INCLUDED IN THE GUIDE?

There are 84 monitored agencies included in this guide.

Monitored Agencies have budgets with expenditures that can be spent with SBEs and will be monitored to determine if they meet their annual SBE Spending Goal. Review the list of these agencies on pages

16 to 18, and their individual agency detail on pages 22 to 108.

Non-monitored Agencies or Funds do not have an expendable budget and are not required to participate in the DC Government's SBE goal setting process.

NAVIGATING GREEN BOOK TERMS

The Summary of Agencies Monitored for FY18 SBE Spending (page 15) and individual agency pages (pages 22 to 108) of this guide contain the following information:

1. FY18 Budget Details
2. FY18 SBE Spending Goal & Calculation
3. FY18 Planned Acquisitions Highlights & Potential Business Growth Opportunities
4. Previous Fiscal Years' SBE Spending

1. FY18 Budget Details

Total Budget is the Fiscal Year 2018 (FY18) Total Appropriated Monitored Budget, which includes operating and capital dollars. FY18 begins October 1, 2017 and ends September 30, 2018. FY18 budget information published in this book is current as of October 30, 2017. For the most current data, please visit CBEconnect.dc.gov.

Personnel & Fixed Costs are the expenditures for agency staff salaries, utilities, rent and other fixed costs that cannot be contracted out to SBEs. These costs are not subject to the SBE spending requirement. These are also called **Automatic Exclusions**.

Expenditures that agencies proposed and DSLBD confirmed are not SBE eligible & Anticipated Transfers. This amount is also referred to as **Special Exceptions** and comprises the types of expenditures listed below. During FY18, agencies may report that some of these funds are contracts for which SBEs may apply. DSLBD will update the agency's online record accordingly at CBEconnect.dc.gov.

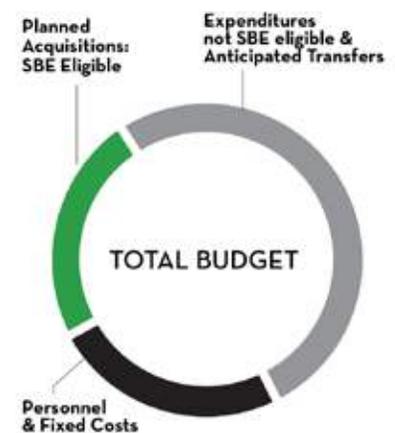

Examples of Special Exceptions are provided on agency detail pages in the **Potential Business Growth Opportunities** section. Each opportunity contains additional special requirements based on the individual needs of the agency.

a) Anticipated Transfers are funds that one agency will transfer to another agency for services. For example, the transfer of funds from an agency to the Office of Chief Technology Officer to provide technology upgrades.

b) Reasons to approve Special Exceptions are outlined in 27 DCMR 830.6 and approved by the DSLBD Director, which may include:

- No SBEs are available to provide the product/ service due to lack of availability, interest and/ or business capacity;
- Local or federal law controlling the expenditure of the funds (such as Medicaid services);
- Proprietary products/services that are owned by another entity or require special licensure (such as Lexis Nexus subscription service);
- Specialized services that require specific expertise unique to a particular agency (such as biologists to support watershed restoration efforts); and

c) Waivers: District Government contracts exceeding \$250,000 require a 35 percent subcontracting

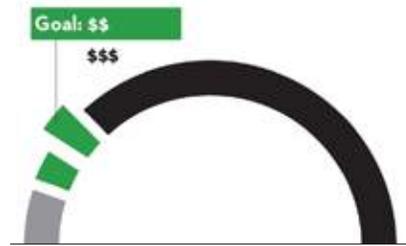

set-aside with SBEs. Subcontracting requirements may be waived by the Department of Small and Local Business Development (DSLBD) if an agency submits an official waiver request to DSLBD justifying why the requirement cannot be met by SBEs.

Planned Acquisitions: SBE Eligible, also referred to as an agency's **Expendable Budget**, is the amount of the agency budget remaining for purchasing products and services after subtracting the aforementioned Automatic Exclusions and Special Exceptions, and Anticipated Transfers. By law, agencies are required to spend 50% of their Expendable Budget with SBEs.

Businesses are encouraged to review the detailed records for this budget category at CBEconnect.dc.gov to identify potential areas in which to expand their business and pursue contract opportunities.

2. FY18 SBE Spending Goal & Calculation

The FY18 SBE Spending Goal is the minimum amount that each DC government agency is required to spend with SBEs between October 1, 2017 and September 30, 2018. The goal is set by dividing the Expendable Budget in half (50%). Goals will be adjusted throughout the year based on budget changes and adjustments (ADJUSTED GOAL).

3. FY18 Planned Acquisitions Highlights & Potential Business Growth Opportunities

Annually, agencies report how they plan to spend their procurement dollars on various products and services. They update their forecasted spending plans throughout the year.

This guide highlights some of the Planned Acquisitions by category and includes the associated NIGP/commodity code. These highlighted examples may be of particular interest to SBEs because:

- in the past agencies indicated they could not find SBEs for the product/service; or
- these are products/services that SBEs could provide directly, via subcontracting with primes, teaming with other CBEs and/or building the business' capacity.

FY18 Planned Acquisitions Highlights data published in this book is current as of September 20, 2017. For the most current data, please visit CBEconnect.dc.gov.

Potential Business Growth Opportunities are examples of Special Exceptions (page 10) where contracts are currently in place or the agencies determined that SBE capacity was not available. Each opportunity contains additional special requirements based on the individual needs of the agency. These opportunities are depicted in the gray slice, *Expenditures that are not SBE eligible*, of the FY18 Budget and Goal pie chart.

4. Previous Fiscal Years' SBE Spending

The SBE Spending is the total amount of funds that an Agency spent with SBEs. The amounts for FY15 and FY16 are final (audited and verified).

The FY17 Preliminary SBE Spending amounts included herein are based on transactions recorded to the Office of the Chief Financial Officer's System of Accounting Record (SOAR) as of October 30, 2017. These expenditures are preliminary and unaudited which are subject to change based on final adjustments and modifications to the District's accounting records in preparation for the District of Columbia 2017 Comprehensive Annual Financial Report (CAFR).

Agency's SBE Spending amounts may vary year to year depending on several factors including:

- Priorities specific to a fiscal year;
- Overall budget increases and decreases, such as technology upgrade or other mission critical procurements that may be funded in one fiscal year but not the next; and
- The source of the funds received may have a restricted use and may not be available to SBEs.

Goals will be adjusted throughout the year based on budget changes and adjustments.

To view the FY17 Adjusted SBE Spending Goal and Actual SBE Spending based on final, audited data, visit CBEconnect.dc.gov in February 2018 and click *Reporting*.

Requirements Behind The SBE Goal Setting And Spending

To read the full text of the policy and legislation governing the SBE goal setting, agency spending requirements and the CBE program, visit CBEconnect.dc.gov and click *Review Agency SBE Requirements*.

CONTRACTING ASSISTANCE

This guide is part of a larger suite of services that the District offers to connect SBEs to procurement opportunities.

1. Finding Contract Opportunities Using Cbeconnect.dc.gov

The Department of Small and Local Business Development (DSLBD) is dedicated to maximizing SBE participation by linking existing SBEs to contracting opportunities.

CBE Connect is a comprehensive and robust undertaking by DSLBD to provide CBEs a one-stop shop for all contracting and procurement needs.

2. Available Assistance To Help SBEs Compete For Contract Opportunities

DSLBD's DC Procurement and Technical Assistance (DC PTAC) program offers free, in-depth contracting assistance to qualified DC businesses. Once SBEs meet DC PTAC requirements they may work with PTAC contracting specialists to expand their business to identify and compete for local and federal contract opportunities.

Requirements: Must have a business plan, have a DUNS number, be a registered business with DCRA, and have past performance (government preferred). People often have the misconception that any CBE/SBE can work with PTAC, but they must meet the requirements.

Contact DC PTAC at **202.727.3900** or dslbd.dc.gov/ptac

OCP Ombudsman

The OCP Ombudsman provides contractors and subcontractors performing work or providing services under a District contract a fair, informal, impartial and confidential voice through which they may communicate their complaints and concerns regarding contracting and procurement. Contact OCP Ombudsman William Peter Teague (Pete) at 202.724.4197 or William.Teague2@dc.gov.

3. Worksheet

DSLBD created a worksheet (page 12) as a companion tool to help SBEs use this book and CBEconnect.dc.gov to find and prepare for DC Government contracts

WORKSHEET A companion tool to help SBEs use this book and CBEconnect.dc.gov to find and prepare for DC Government contracts. Download fillable version of this form at CBEconnect.dc.gov/worksheet.

SPENDING WITH SBEs

The Fiscal Year 2017 SBE Expenditures are based on transactions recorded to the Office of the Chief Financial Officer's System of Accounting Record (SOAR) as of October 30, 2017. These expenditures are preliminary and unaudited and are subject to change. To view the final audited amounts and additional details about FY15, FY16 and FY17 SBE spending, visit CBEconnect.dc.gov.

For definitions and details about the information on this page, please read How to Use this Guide pages 8 – 11.

Visit the companion web site CBEconnect.dc.gov for the most current data, reports and contracting assistance resources. Amounts may be rounded up.

APPENDICES

APPENDIX A

WHAT IS A CBE?

- **Procurement Preference.** CBEs are registered companies with the Department of Small and Local Business Development (DSLBD) and receive preference in District Government contracting and procurement.
- **Certification Categories.** To become certified, a business must meet the requirements of an LBE, a Local Business Enterprise, by demonstrating the business is headquartered in the District AND that more than fifty percent of employees, owners, or assets reside in the District of Columbia OR more than fifty percent of the gross receipts were derived from sources within the District.
- **Subcategory.** CBEs can apply for additional certifications to receive added preference in procurement, including Small, Disadvantaged, Resident-Owned, Longtime Resident, Enterprise Zone, Veteran-Owned, and Local Manufacturing.

WHAT IS A SBE?

- **Procurement Preference.** SBEs are a CBE subcategory. District agencies monitored by DSLBD are subject to an annual SBE spending goal requirement, and SBEs receive preference within set-aside procurements.
- **Certification Requirements.** To be certified as an SBE, a business must demonstrate that they are local; are independently owned, operated, and controlled; meet the U.S. Small Business Administration definition of a small business; and have not exceeded DSLBD thresholds for annualized gross receipts over the past 3 years.
- **Agency requirements.** While agencies have SBE spending requirements, if no SBEs are available to complete work, agencies must spend with CBEs with other categories, if available.

WHY DO CERTAIN DSLBD DOCUMENTS REFERENCE CBE SPENDING GOALS?

Prior to the 2014 Small and Certified Business Enterprise Development and Assistance Amendment Act, all CBEs received equal preference for District contract and procurement. The 2014 Act added priority to SBEs. Public recognition of the program has continued to follow the term CBE. While DSLBD has implemented the update in the law, rebranding of the spending goal to match the new priority will take time.
